

*Why our patients love  
Howard County Smiles*

### **Our Team - Your Dental Family**

When you are here you are treated like family. Our team takes the time to get to know you and your dental needs and we look forward to building a life long relationship.

### **Comfort**

Your care and comfort is a top priority for us. We offer a complimentary beverage and snack station, lip balm, warm blanket, personal ear buds, neck rolls, knee rolls, eye pillows and warm wash cloths to optimize your experience.

### **Same Day Crowns**

Using CEREC® technology, Dr. Becker is able to complete crowns in ONE visit. This offers valuable time savings for our patients by eliminating multiple visits.

### **Jaw Joint Treatment**

Dr. Becker is an industry leader in evaluating, diagnosing and treating migraines, jaw popping and clicking, sore facial muscles, clenching and grinding using advanced BioPak® technology.

### **Invisalign®**

Take a modern approach to a more beautiful, functional and comfortable mouth. Straighten your teeth with nearly invisible custom, clear aligners. The aligners are removable so you can clean your teeth and eat without brackets.

### **ZOOM! WhiteSpeed®**

Whiten up to 8 shades in one visit! WhiteSpeed® is the most advanced ZOOM® with proven results and comfort. We include custom take home whitening trays for touch ups and Fluoridex Sensitivity tooth paste to use prior to whitening.

### **Cosmetic Treatments**

Look younger and have more confidence with the lasting beauty of modern cosmetic treatments. Dr. Becker is highly skilled at achieving natural results by blending modern technology and art. Most procedures are done chairside by Dr. Becker for the most beautiful, comfortable results.

### **In-house Dental Lab**

Most restorative work is custom done by Dr. Becker in our own lab during your visit. The results are not only more beautiful but also more functional and the fit is perfect. No more messy impressions, poor fitting temporaries and multiple visits!
